GlobalLogic Japan delivers proven digital solutions. As part of Hitachi, we have a deep understanding of the Japanese market and its needs.

GlobalLogic®
A Hitachi Group Company

GlobalLogic is Your Partner in **Building the Exceptional**

Founded in 2000 and based in the heart of Silicon Valley, GlobalLogic (A Hitachi Group Company) has been advising, designing, and building amazing software & digital products for over 20 years.
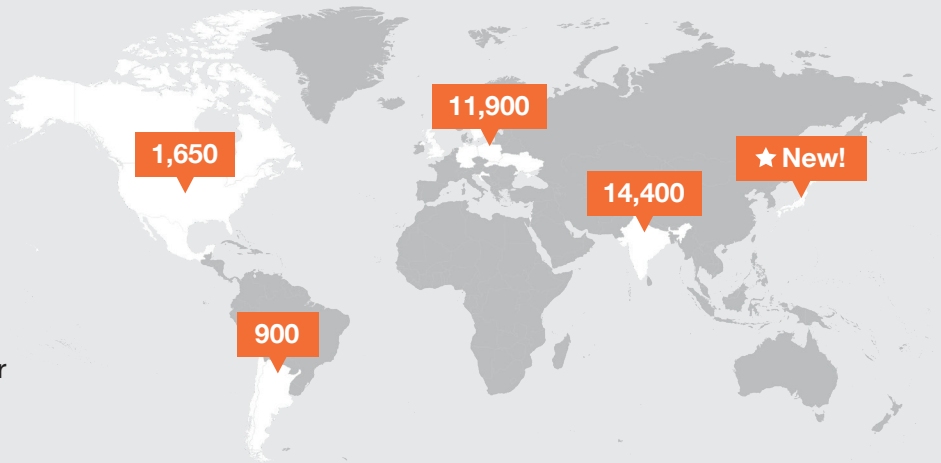

We have the power to pen the future together, positively impacting communities and improving quality of life with sustainable, equitable solutions.

The Way We Live, Work, Play, and Learn is Changing

Businesses in all industries are evolving their brand, products, and services to inspire and engage customers. GlobalLogic combines strategic design, complex engineering, and deep industry knowledge to help our clients create exceptional digital products and experiences that touch people's lives in new and meaningful ways.
